Baseball Positions by Number - Pro Baseball Insider

Coaches must have a baseball lineup template along with a baseball position chart for each inning prepared before the game begins. Having these documents ready saves the players and the coach from confusion. This also saves them a lot of time, since players can check the chart themselves and prepare when it's their turn.

Field Positions By Inning

Left field tends to see more baseballs than right field in young age groups, so if you have a player who is struggling to develop, right field is an area where they will get the least action. Use practices as a time to place them in a more challenging outfield position in order to earn that position during game time.
